OBITUARY

Mrs. Harriett Virginia Wilson was born May 7, 1847, died September 5, 1917. She was seventy years, three months and twenty-eight days old.

She was the wife of George Wilson of this city and to them were born five children, one boy and four girls.

Mrs. Wilson was converted at Bethlehem church, Clark county, Missouri.

On the day of her death Mrs. Wilson was using an oil stove which failed to heat properly and from the appearance of the flames, she believed that it might explode. She attempted to carry the glass oil tank from the room using a cloth around her hands. In some manner the cloth became ignited, and she dropped the tank. The burning oil enveloped her completely and before the fire could be extinguished, she was so badly burned that she died a few hours later.

News of the accident and death as it spread about the city cast a gloom over all, for she was a good woman, and a friend to everyone. The family has the sympathy of the entire community.—Lawrence County Record.

PEOPLES BANK AT SULLIVAN ROBBED

Bandits, After Firing Revolvers to Frighten Inhabitants, Loot Safe, Escaping With \$2,400.

Entering the town of Sullivan in an automobile and intimidating the citizens by firing many shots from their revolvers, a gang of bank robbers early yesterday morning blew the safe of the People's bank of that place and escaped with \$2,400.

The gang entered the town about 4 o'clock in the morning and announced their arrival with a series of pistol shots. It was evident that the job was that of professionals, for all telegraph and telephone wires leading to the town were cut and the Frisco agent, who was at work at the depot with two night watchmen, were locked in a box car which was standing nearby. They then rifled the cash drawer of \$40.

Going to the bank, the men performed their work as though everything had been arranged before. After securing the money, the bandits jumped into the waiting car and fired shots announcing their departure. Several

posses were started at once, and roads leading in all directions were watched by St. Louis officers. On account of the fact that telephone and telegraphic service had been hampered by the cut wires, the town officials were unable to notify surrounding towns for some time.

Police officials are of the opinion that the work is that of the same gang who robbed the bank of Waynesville several weeks ago.

ENLISTMENTS FOR SIGNAL CORPS WANTED
